

2010 Steam Engineer Examination References
Revised 07/30/2010

First Class

Approved References:

* An ATP publication

<i>Boiler Operator's Workbook</i>	R. Dean Wilson *
<i>High Pressure Boilers</i>	Harold J. Frost & Daryl R. Walker
<i>Steam Plant Operation</i>	McGraw Hill, Everett B. Woodruff, Herbert B. Lammers, & Thomas F. Lammers
<i>Boiler Operator's Guide</i>	McGraw Hill, Anthony L. Kohan
<i>Refrigeration & Air Conditioning Technology</i>	Thomson Delmar Learning, William C. Whitman & William M. Johnson
<i>Low Pressure Boilers</i>	Frederick M. Steingress *
<i>Ugly's Electrical Reference</i>	2009 edition
<i>HVAC Control Systems</i>	Ronnie J Auvil *

Note: With the exception of *Ugly's Electrical Reference*, any edition of the above books will be acceptable.

Second Class

Approved References:

* An ATP publication

<i>Boiler Operator's Workbook</i>	R. Dean Wilson *
<i>High Pressure Boilers</i>	Harold J. Frost & Daryl R. Walker
<i>Steam Plant Operation</i>	McGraw Hill, Everett B. Woodruff, Herbert B. Lammers, & Thomas F. Lammers
<i>Refrigeration & Air Conditioning Technology</i>	Thomson Delmar Learning, William C. Whitman & William M. Johnson
<i>Low Pressure Boilers</i>	Frederick M. Steingress *
<i>Ugly's Electrical Reference</i>	2009 edition
<i>HVAC Control Systems</i>	Ronnie J Auvil *

Note: Any edition of the above books will be acceptable.

Third Class

Approved References

* An ATP publication

<i>Steam Plant Operation</i>	McGraw Hill, Everett B. Woodruff, Herbert B. Lammers, & Thomas F. Lammers
<i>Boiler Operator's Workbook</i>	R. Dean Wilson *
<i>High Pressure Boilers</i>	Harold J. Frost & Daryl R. Walker
<i>Boiler Operator's Guide</i>	McGraw Hill, Anthony L. Kohan
<i>Refrigeration & Air Conditioning Technology</i>	Thomson Delmar Learning, William C. Whitman & William M. Johnson
<i>Low Pressure Boilers</i>	Frederick M. Steingress *
<i>Stationary Engineering</i>	Frederick M. Steingress & Harold J. Frost *
<i>HVAC Control Systems</i>	Ronnie J Auvil. *

Note: Any edition of the above books will be acceptable.
