INTRODUCTION

This handbook is designed for candidates seeking Nurse Aide certification in Georgia. It describes the process of applying for and taking the National Nurse Aide Assessment Program (NNAAP®) Examination.

The Alliant Georgia Medical Care Foundation has contracted with Pearson VUE®, a nationally recognized leading provider of assessment services to regulatory agencies and national associations. Pearson VUE will develop, score, and report the results of the NNAAP® Examination for the Georgia Nurse Aide Registry. The Nurse Aide Competency Evaluation Service (NACES) will be working with Pearson VUE to schedule and administer the examination.

NATIONAL NURSE AIDE ASSESSMENT PROGRAM (NNAAP®)

The Nursing Home Reform Act, adopted by Congress as part of the Omnibus Budget Reconciliation Act of 1987 (OBRA ’87), was designed to improve the quality of care in long-term health care facilities and to define training and evaluation standards for nurse aides who work in such facilities. Each state is responsible for following the terms of this federal law.

The National Nurse Aide Assessment Program (NNAAP®) is an examination program designed to determine minimal competency to become a certified nurse aide in your state. The NNAAP was developed by the National Council of State Boards of Nursing, Inc., (NCSBN) to meet the nurse aide evaluation requirement of federal and state laws and regulations. Pearson VUE is the authorized administrator of the NNAAP in your state.

The NNAAP Examination is an evaluation of nurse aide-related knowledge, skills, and abilities. The NNAAP Examination is made up of both a Written (or Oral) Examination and a Skills Evaluation. The purpose of the NNAAP Examination is to test that you understand and can safely perform the job of an entry-level nurse aide.

The first time you test, you must schedule both the Written (or Oral) Examination and the Skills Evaluation.
Payment must be made in the form of a money order, certified check, Pearson VUE voucher, or company check made payable to “NACES”. Even if it is from your employer, the money order, certified check, Pearson VUE voucher, or company check must display your name so it can be applied to your examination. If you are not currently employed in a nursing home, you may pay the fee yourself. Company checks may pay for more than one candidate. Personal checks and cash will not be accepted. Fees are non-refundable and non-transferable once submitted to NACES.

Under federal and Georgia state laws, candidates employed as nurse aides in nursing homes that participate in Medicaid/Medicare programs are prohibited from paying their examination fees. Employers must pay the examination fee and any re-test fee for those candidates in their employ as nurse aides or candidates who have a written commitment or signed acceptance of employment on file in a Medicaid-certified nursing home.

EXAM SCHEDULING

Once NACES receives your application, required documents, and fees, they will schedule you for testing. You will not be scheduled to test until all required materials are received. NACES will mail your Authorization to Test Notice (yellow confirmation postcard) to you at the address listed on your application within forty-eight (48) hours.

AUTHORIZATION TO TEST NOTICE

Your Authorization to Test Notice (yellow confirmation postcard) has important information about the examination. If you do not get your Authorization of Test Notice (yellow confirmation postcard) within ten (10) business days, call NACES at (866) 432-2865. NACES is NOT responsible for lost, misdirected, or delayed mail.

TESTING LOCATIONS

The nurse aide examination (both parts) will be given by NACES at a Regional Test Site. Please visit www.pearsonvue.com or call (877) 244-1694 to determine the schedule of the test site most convenient to you. When accessing Pearson VUE’s website, click on the second tab labeled “Test Taker Services” (next to the “Home” menu), and select “Georgia Nurse Aides” from the drop down menu. Then, select “Regional Test Sites and Test Schedules.”

ACCOMMODATIONS

Pearson VUE complies with the provisions of the Americans with Disabilities Act as amended. The purpose of accommodations is to provide candidates with full access to the test. Accommodations are not a guarantee of improved performance or test completion. Pearson VUE provides reasonable and appropriate accommodations to individuals with documented disabilities who demonstrate a need for accommodations.

Test accommodations may include things such as:

- A separate testing room
- Extra testing time
- A Reader or Recorder, for individuals with mobility or vision impairments and cannot read or write on their own
- An amplified stethoscope

Test accommodations are individualized and considered on a case-by-case basis. All candidates who are requesting accommodations because of a disability must provide appropriate documentation of their condition and how it is expected to affect their ability to take the test under standard conditions. This may include:

- Supporting documentation from the professional who diagnosed the condition, including the credentials that qualify the professional to make this diagnosis
- A description of past accommodations the candidate has received

The steps to follow when requesting test accommodations vary, depending on your test program. To begin, go to http://pearsonvue.com/accommodations, and then select your test program from the alphabetized list. Candidates who have additional questions concerning test accommodations may contact the ADA Coordinator at accommodationspearsonvue@pearson.com.
If you are unable to attend your scheduled examination, you MUST call NACES by close of business at least five (5) business days before the examination date to reschedule (Saturday and Sunday and national holidays are not considered business days). If you do not call NACES at least five (5) business days in advance of your examination date to reschedule, and do not show up for your scheduled examination, your fee will NOT be refunded and cannot be transferred to a new examination date. You may not give your examination date to another person.

If your examination is scheduled past the one- or three-year expiration date (see Eligibility Routes for additional information), you will be allowed to reschedule only one time and the new examination date must be scheduled within one month of the original scheduled examination date. If the testing application is received after the one or three year expiration date, you must re-train and re-test under Eligibility Route E1 (New Nurse Aide Candidate).

If you notify NACES in time, there is no penalty and your fee may be transferred to your new examination date. If your employer paid for your examination fee, you should tell them about missing the examination. Let them know how you have handled rescheduling and when you plan to re-test.

REFUNDS
Once payment of exam fees is received, NO REFUNDS WILL BE ISSUED.

ABSENCE POLICY
Since unexpected situations occasionally occur, NACES will consider excusing an absence from a scheduled examination in certain situations.

Acceptable reasons for rescheduling are as follows:
- Illness of yourself or a member of your immediate family
- Death in the family
- Disabling traffic accident
- Court appearance or jury duty
- Military duty
- Weather emergency

Requests for excused absences must be made in writing and received within ten (10) business days following the scheduled examination. This request must include verification of your absence from an appropriate source. For example, if you had jury duty, you must supply a copy of your court notice.

If your examination was scheduled past the one- or three-year expiration date (see Eligibility Routes for additional information) and you were unable to attend due to any of the acceptable reasons for rescheduling as listed above, you will be allowed only ONE opportunity to apply for an Excused Absence. It is your responsibility to contact NACES to ensure your request was properly received. Any requests and/or documentation submitted past ten (10) business days following your scheduled examination will be denied and you will be required to re-train and re-test under Eligibility Route E1 (New Nurse Aide Candidate).

The decision of NACES to approve or deny the excused absence is final.

WEATHER EMERGENCIES
Examinations will be delayed or cancelled only in emergencies. If severe weather or a natural disaster makes the test center inaccessible or unsafe, the examination will be delayed or cancelled. If the examination has been cancelled, you will be rescheduled for the next available examination at that site.

WRITTEN EXAM
The Nurse Aide Evaluator will hand out materials and give instructions for taking the Written Examination. The Written Examination has seventy (70) multiple-choice questions. Markings in the test booklet will NOT be accepted as answers. Your answers must appear on the separate answer sheet. Sample questions for the Written Examination are located on page 14.

ENGLISH OR SPANISH ORAL EXAM
An English or Spanish Oral Examination may be taken in place of the Written Examination. You must request an English or Spanish Oral Examination when filling out your application. The Oral Examination is provided on an MP3 player, which is provided with earphones at the test center. You will be asked to listen to a recording of the Oral Examination and follow along in the test booklet as the questions are read aloud on the recording.

The Oral Examination consists of two (2) parts, and you must pass both parts to pass the Oral Examination. The first part of the Oral Examination has sixty (60) multiple-choice questions. Each of these questions is read twice. As each question is read, you will be asked to choose the correct answer and mark it on your answer sheet.

The second part of the Oral Examination has ten (10) multiple-choice questions. These questions test your ability to speak a minimum amount of English by recognizing common words used as a nurse aide in long-term care facilities. Each word is read three (3) times. You are asked to match the word you hear on the tape to the written word in the test booklet. As you find the match, you mark your answer on the answer sheet.

You have up to two (2) hours to complete the Oral Examination. You will be told when fifteen (15) minutes remain. Fill in only one (1) oval on the answer sheet for each question. THE SKILLS EVALUATION

WHAT TO EXPECT

SETTING
The Skills Evaluation is set up to resemble an actual caregiving situation. The Skills Evaluation area will look similar to your work setting. It will have all the equipment necessary to perform the assigned skills. The Skills Evaluation will be administered by a Nurse Aide Evaluator. Before your skills evaluation begins, the evaluator will show you where equipment is located and answer questions about operating the equipment.

Please arrive 30 minutes early. Test times are approximate. Please plan to spend the day.

See pages 26-41 for the complete skills listing.

WHO WILL ACT AS A CLIENT?
The part of the “client” will be played by a candidate who volunteers to act as a weakened elderly person. While you perform the skills, speak to the candidate volunteer as you would speak to an actual client in a nurse aide work setting.

You are encouraged to speak to the candidate volunteer not only because it is part of quality care, but also because it will help you to relax as you perform the skills.

CANDIDATE VOLUNTEER REQUIREMENTS
You will need to act as a candidate volunteer for another nurse aide’s Skills Evaluation and play the role of a nursing home patient (client). The evaluator will give you verbal instructions that will describe how you should act in performing the role of the client.

CANDIDATE DRESS REQUIREMENTS
You must wear flat, slip-on, non-skid shoes; a loose-fitting top with short sleeves that can be rolled up to the shoulder, or tank top; and loose fitting pants that can be rolled up. You will be required to put a gown on over your clothing. In no case may candidates remove clothing down to undergarments.

Prior to beginning the exam, you should inform the evaluator of any food or latex allergy or sensitivity to skin soaps or lotion. Any limitations to range of motion must also be communicated to the evaluator prior to the start of the skills examination.

Answers

If your score is less than 17, you may have difficulty reading the Written Examination and should consider taking the Oral Examination in place of the Written Examination.
For infection control purposes, you should not come to the test site with open areas/sores on the skin. Candidates with any open areas or sores on their skin should reschedule their skills test to a later date after their skin fully heals.

**THE TASKS**

The NNAAP Skills List contains all of the skills that you may be asked to demonstrate during the Skills Evaluation. Each skill represents a task that you will be asked to perform in your job and has been broken down into a series of steps.

A step that is highlighted in **bold type** is called a **Critical Element Step**. Critical Element Steps are important steps that must be performed correctly in order for you to pass the skill. If you leave out a Critical Element Step or do not perform a Critical Element Step properly, you will not pass the skill. However, if you perform only the Critical Element Step correctly in a skill, you do not automatically pass that skill. You must also correctly demonstrate enough steps to meet the passing standard (or cut score) for each skill.

Before your Skills Evaluation begins, the Nurse Aide Evaluator will give you an instruction card that will list the five (5) skills selected for you to perform. Hand-washing will always be one of the skills to be performed. The remaining four (4) skills are randomly chosen from the complete set of skills listings on pages 26 to 41 of this handbook. You are strongly encouraged to perform the skills in the order they are listed on the instruction card.

If you make a mistake, say so, and you will be instructed to tell the evaluator which step(s) is to be corrected and then to perform the step(s). You will not have to redo the entire skill, just the steps you wish to correct. There are, however, some exceptions to this rule. If you fail to put on gloves or take them off when it is required to do so and the evaluator reminds you to do so, for infection control purposes, then you will not receive credit for attempting to correct this step. If you wish to correct an order-dependent step (a step stating that an action should be performed **before** or **after** another step) and you fail to say **when** the corrected step should be performed, you will not receive credit for the correction.

Once you begin a new skill, you may not go back to correct a previous skill. The Nurse Aide Evaluator will not answer questions **during** the Skills Evaluation and will not tell you whether you performed a skill correctly. You may not receive help from anyone during the Skills Evaluation. If you do have any questions, please ask them before the Skills Evaluation begins.

One (1) of the four (4) randomly-selected skills will include a measurement skill (see the section below, **Recording A Measurement**, for more information regarding measurement skills).

You must successfully complete five (5) out of the five (5) skills in the skill form to pass the Skills Evaluation. You will have twenty-five (25) minutes to demonstrate all five (5) skills.

**When you have completed your skills evaluation, the evaluator will direct you to wash your hands. Although this will not effect your examination results, for the purposes of infection control, you must wash your hands.**

**RECORDING A MEASUREMENT**

The NNAAP Skills Evaluation requires every candidate to perform one measurement skill, such as blood pressure, radial pulse, respirations, urine output, or weight. You will be given a special form, called a Recording Sheet for Measurement Skills, to write down, or record, the measurement. For example, if performing the Measures and Records Blood Pressure skill, you will write the complete systolic and diastolic pressures of your blood pressure reading in a box labeled Candidate Results.

On the following page is a copy of the recording sheet that will be used during the skills exam. The candidate must record his/her results in the Candidate Results box on this sheet. This sheet will be used to record the results of the following measurement skills:

- Measures and Records Blood Pressure
- Measures and Records Weight of Ambulatory Client
- Measures and Records Urinary Output
- Counts and Records Radial Pulse
- Counts and Records Respirations
TIPS FOR THE SKILLS EVALUATION

- You will be expected to perform the skills as you would in a nursing home setting. When water is required, you must use running water. All candidates will be required to perform the Hand Hygiene skill. The evaluator will inform you after you have washed your hands for the first time that you should just tell him or her when you would wash your hands during your performance of the rest of the skills, rather than actually washing them for each skill. For all steps other than hand-washing, you must actually perform the skill in order to receive credit. You may not simply tell the evaluator what you would do for simulating a step. For example, you may not simply tell the evaluator that you would wash the client. You must actually demonstrate washing the client. You may not simply tell the evaluator that you would feed the client. You must actually demonstrate feeding the client.

- After you have introduced yourself to the client for the first time, it is not necessary for you to introduce yourself each time you begin a new skill.

- To receive full credit for a measurement skill, you must accurately make the required measurement and then write that measurement on the Recording Sheet for Measurement Skills. The evaluator will provide the Recording Sheet to you at the test site. A sample of the Recording Sheet is shown on page 24 of this handbook. You are encouraged to become familiar with the Recording Sheet before your scheduled test date.

- You must know how to operate both a standing and a non-digital bathroom scale and must know how to set both types of scales to zero.

- You **may not bring** any of your own equipment to the test site (i.e. transfer/gait belt).

- It is important for you to place the call signal within the client’s reach whenever you leave the client.

- *Where the word “client” appears, it refers to the person receiving care.*

SCORE REPORTING

EXAM RESULTS
The Nurse Aide Evaluator will not answer questions about your Score Report. If you have questions about your Score Report, or the content of the examination, call Pearson VUE at (877) 244-1694. Results will not be given over the phone.

WRITTEN (OR ENGLISH OR SPANISH ORAL) EXAM
After you finish the Written (or English or Spanish Oral) Examination, the Nurse Aide Evaluator will fax your answer sheet for scoring. Within approximately ten (10) minutes (from the time the answer sheet was faxed), you will receive an official Score Report. The Score Report will indicate whether you have passed or failed the Written (or English or Spanish Oral) Examination.

SKILLS EVALUATION
The Nurse Aide Evaluator will also fax your Skills Evaluation results for scoring. After the Nurse Aide Evaluator evaluates your performance, he or she will fax the Skills Evaluation answer sheet for scoring. Within approximately ten (10) minutes (from the time the answer sheet was faxed), you will receive an official Score Report. The Score Report will indicate whether you have passed or failed the Skills Evaluation.

Occasionally, due to technical difficulties, Score Reports may not be received at the test center on the day of testing. If this happens your answer sheet will be mailed to Pearson VUE for handscoring. Your Score Report will then be mailed out to you within 5-7 business days after testing. For questions regarding delayed Score Reports, please contact Pearson VUE at (877) 244-1694.

FAILING
If you fail the Written (or English or Spanish Oral) Examination or the Skills Evaluation, your Score Report will provide you with information on how to re-take either or both parts of the evaluation. A new examination fee is required each time you re-take any part of the NNAAP Examination. To re-take either or both parts, you must submit your official Score Report or a new application and a re-take fee to NACES.

State and federal regulations allow you three (3) attempts to pass both the Skills Evaluation and the Written (or English or Spanish Oral) Examination. If you should fail either part or both parts three (3) times, within one (1) year from the completion date of your training program, you will be required to successfully complete a state-approved training program and re-take both parts. You must take and pass both the Written (or Oral) Examination and the Skills Evaluation to be placed on the Georgia Nurse Aide Registry.

HOW TO READ A FAILING SCORE REPORT
If you do not pass the Skills Evaluation, you will receive a Failing Score Report. The score report will list the five (5) skills that you performed and a score of Satisfactory or Unsatisfactory for each skill. Any skill with an Unsatisfactory result is considered a failed skill. You must receive a Satisfactory result on all five (5) skills to pass the Skills Evaluation.

Use your failing Score Report as an aid in studying to re-take the Skills Evaluation. A failed skill will show the reason for the failure. You may not have performed the steps of a skill correctly, or you may have forgotten a step, especially a Critical Element Step.

The failing Score Report will list steps that were missed or incorrect—look for numbers printed directly under a skill marked Unsatisfactory. A list of all the skills and the steps needed for each skill can be found in this handbook. Find the skill you failed, and study the steps, especially steps listed as Unsatisfactory on the score report.

In the example on the following page, a candidate received a result of Unsatisfactory on the skill Hand Hygiene. The numbers 1, 5, and 10 printed below the skill refer to steps that were missed or performed incorrectly. To study for re-taking the Skills Evaluation, this candidate should turn to the Skills Listing in this handbook, look for the Hand Hygiene skill, and review all the steps, especially steps 1, 5, and 10.

LISTING RENEWAL

Nurse aides on the Georgia Nurse Aide Registry must renew their registry listing to remain eligible for employment as a nurse aide. To be eligible for renewal based on employment, you must work for pay, performing nursing-related services, for at least eight (8) hours every twenty-four (24) consecutive months under the supervision of a nurse. This employment must be documented and reported to the Nurse Aide Registry prior to each listing expiration date. A new competency examination is required if you do not work in a qualifying position for a twenty-four (24) month period or more.

Failure to inform the Registry of an address or name change may jeopardize your listing status. A correct address is required for you to receive notification for renewal.

RENEWAL NOTICE

Approximately sixty (60) days before the expiration of your Registry listing, the Registry will send a Renewal Application to the mailing address listed for you on the Registry. It is your responsibility to renew by the expiration date, even if you do not receive the Renewal Application from the Registry. If you do not receive a Renewal Application, or you misplace it, a Nurse Aide Renewal Application is available on the Registry web site www.mmis.georgia.gov (click the Nurse Aide tab).

When you receive your Renewal Application, you will need a signature from your current or most recent employer to complete the employment verification section of the Application. The date of hire on your Renewal Application MUST be a date prior to the date your listing expired.
